Did you ever have a "summer cold"? I have, taken Arm and Hammer soda, aspirin, epsom salts, Minit Rub, and everything else anyone suggested, and still my nose is galling, my eyes watering and there is so much sneezing that I have disgusted every member of the force and family.

I do not want to see anybody, hear anybody, touch anybody, and am so zonched that the old lady is figuring on quitting me, for which I do not blame her much.

Harry Greenfield and I are about the only Grenadians who did not go to Memphis sometime this week.

Let's get behind the idea of completing No. 8 Highway so that the wonderful country to the West will have easy access to The City Beautiful.

LOST: Col. Henry Kahn.

Clarence Burt, one of East Ward's two aldermen, resigned at the meeting of the City Council Monday night. This resignation was due, we understand, to the fact that he has been transferred to Memphis. He is a good man wherever you put him. He cries to be fair and to arrive at conclusions only after going thoroughly into the matter under review. No doubt an election will soon be called to fill the vacancy.

We understand that Tom Bailey, who, many think, will be Mississippi's governor, will be visiting around in Grenada sometime soon.

Well, Filbo finally rolled Roll-em, even if he rolled him upward.

If meat gets much higher, we ordinary folks will have to take it in capsules and by doctor's directions.

Carl Jordan seems to be making nice progress with his new grocery establishment soon to be opened in the Cooley old stand on Main Street.

I guess that was a wild grapevine rumor that our city cops would soon be put into uniforms. As alderman, I did not favor such a move; as a citizen, I do not. Of course, it is a debatable question, but we are an anti.

The draft board is beginning to dig down into the barrel and stirring up some of the boys who were temporarily deferred. Some of the boys whose wives have jobs are on the anxious seat.

Our friend, Louie Friedman, has not heard from his mother who lived in what was Poland in 1939 in about two years. Such tragedies are many.

Strikers should be drafted just as the boys are drafted. It is ridiculous, absurd and unjust to make ONE man work for six bits a day, while others gum up the works with strikes.

Mrs. B. B. Payne, of Lake Charles, La., not only sent in two one-dollar bills, but added some very appreciated words concerning the GCW.

Ben Thomson's "little brother" of the U. S. Army is enjoying a few days furlough at home.

Just because there is not much publicity about their meetings is no sign that the Ferdinand Club has gone out of business. Dukey has been given a demit to the club in Biloxi.

Rose Cafe has established a knitting department, it seems.

We continue to say that, if the Russian army can continue to retire in good order, Hitler's army will wear itself out in the current campaign.

Mothers of soldiers should remember, the oft repeated words by a man in authority that American soldiers will not be sent abroad. They WILL remember the words, too.

Chiff Bailey, Jr., now a student at Northwestern in Chicago, has been added to the students receivers of the GCW.

We apologize to Lt. Frank Gerard for sending his last few copies to Gainesville, FLORIDA. That's what his papa said.

Suppose, if you will, that Grenada depended entirely upon the cotton crop of Grenada county!! We would be in a helluva shape so nuff, if we did not have many industrial payrolls.

With such short crop as the crop of 1941, Grenada would be as dead as a door nail had it not the regular payrolls of many industries.

What Grenada needs most in the way of roads is the completion of No. 8 Highway to the West. Better get busy, Grenadians.

NUMBER TWELVE

Educational Conference Held at GHS Monday

More than 500 teachers and visitors representing Grenada, Yalobusha, Lafayette, Tallahatchie, Montgomery, Carroll, Leflore and Webster counties participated in the District Educational conference at the Grenada High School Monday afternoon. They took part in the discussions at the conference and later heard W. P. McDaniel, president of the Mississippi Educational Association, and J. S. Vandiver, state superintendent of education, discuss the need of educational legislative support for the schools of the state.

"As a Mississippian," said Mr. Vandiver, "I confidently hope and believe that the Legislature of our state will provide greater financial support to meet the needs of our schools in 1942. Our plea is that we keep the interest of our children first."

Mr. McDaniel stressed the need of all teachers acquainting everyone with the ideals and aims of the organization and emphasized the fact that every effort would be made to increase the \$10.23 average teacher wage per week to \$12.50.

Senator Winter and Representative McCormick made short talks before the session and pledged support toward getting additional appropriations for the schools. John Rundle, superintendent of Grenada schools, and Sam Simmons, Jr., county superintendent of education, acted as hosts to the gathering.

Superintendent Vandiver also outlined an eight-point program to be used in Defense technique. The program was: (1) cooperate with specific programs already in operation and coordinate all defense efforts connected with schools; (2) point the general set and tone of the year's work toward national defense; (3) continue to place increased emphasis on health condition; (4) emphasize training for democracy in the general conduct of the school; (5) consciously teach democracy and citizenship in the classes; (6) emphasize to a far greater extent in our schools 4-H and Future Farmer club work; (7) emphasize conservation of the soil and forests; and (8) help build a program of higher morals during these times among our people.

We acknowledge with thanks a renewal from Mrs. J. E. Bailey, May's mother.

Robert Orrell Held Over To Action Of Grand Jury

At a preliminary hearing held Monday before Justice M. McKibben in the large court room, Robert Orrell, young white man of the Oxberry neighborhood, charged with the slaying of Lee H. Bratton, a young white neighbor, was held over without bond to await the action of the grand jury. It seems that some of Orrell's pigs had been degrading upon the crops of Bratton. Bratton is said to have killed a couple of the pigs. Orrell is charged with killing Bratton.

Sam Mims, W. B. Nickels, and Cowles Horton represented Orrell, while W. L. Stone, of Coffeeville, was retained to assist the county prosecuting attorney, Marshall Perry.

An unusually large crowd of people came to hear the testimony. Numerous witnesses were examined. The case was of such length that it had to go over until after the noon recess.

November 7th Set As Day To Vote On New City Bonds

Following official receipt of a unanimously signed petition requesting the City Council to issue not to exceed \$50,000 in city bonds, the proceeds of which would be used to provide additional floor space at Grenada Industries, the city fathers Monday night designated Friday, November 7th as the date of the election.

Mrs. Josephine McGlade 74, Buried Here Wednesday

Mrs. Josephine McGlade, 74, was buried in Odd Fellows Cemetery Wednesday afternoon, October 15, 1941. Many years ago she and her family lived in Grenada in the home now occupied by Earl Horton. Her death came in her home in Birmingham, Alabama. Services conducted by Rev. E. R. Henderson, were held at the graveside, the pastor of the Presbyterian church, of which the deceased was a member, being out of town.

John Bradley looks right nice in his new suit.

District Governor To Visit Local Rotary Club

Rotarians of Grenada will extend the hand of welcome next Tuesday to Frank L. Fair, governor of this Rotary District. Mr. Fair will attend a meeting of the local Rotary club in his capacity of district governor. Homer J. Williams, president of the Rotary Club, says that the district governor will advise and assist the officers and

Frank L. Fair

committees of the club on administrative matters and on matters pertaining to Rotary service activities of the club. Mr. Fair was nominated governor at the conference of this district held last April, and was formally elected at the 1941 convention of Rotary International in Denver, Colorado, last June.

Mr. Fair is manager of The Fair Company in Louisville, Miss., and is a charter member of the Rotary Club of Louisville. During the year he will visit each of the fifty-six clubs in Mississippi, and Memphis and Collierville, Tenn., which comprise the 10th district. Governor Fair estimates that his official visits to Rotary clubs will require traveling a total of approximately 8000 miles.

He will hold office until the 1942 convention of Rotary International which will be held in Toronto, Ontario, Canada, next June.

Stuart E. Liles Died Here Wednesday Afternoon

Mr. Stuart E. Liles, father of Rev. Chas. Liles, who is Rector of All Saints Episcopal Church of Grenada, died in Grenada Hospital Wednesday afternoon, October 15, 1941. His death was the culmination of an ailment from which he had suffered many years and came not unexpectedly. He was 65 years of age, having been born December 27, 1875.

Mr. Liles was for many years a prominent factor in the business life of Forest, Scott county, where his body was carried for burial to be had today.

He is survived by his only son, Rev. C. S. Liles, his wife having preceded him to the grave.

TAXES REDUCED IN ALL, SAVE ONE, TAXING DISTRICT IN COUNTY

Mrs. Ernest Penn American Red Cross Secretary

Mrs. Ernest Penn, who was appointed Executive Secretary of American Red Cross of Grenada County Chapter by the National office at Washington, D. C., has been in attendance for the week, Oct. 6th to 11th at the Red Cross Institute held at Pickwick, Tenn. She attended the many edasses led by National Red Cross workers, and lectures given during the week. Mrs. Penn plans to present the great work being done by the Red Cross and it is the intention of the Grenada County Weekly to have a weekly feature under a Red Cross heading.

Mr. George Garner has loaned the use of the "Tie-Tee" building, located on the corner of Main and Second for office for the Red Cross.

Mr. Harry Burkley is Grenada County Chairman; Miss Jane Young is Vice-Chairman and Mrs. Ernest Penn, Secretary.

THE AMERICAN RED CROSS

The American Red Cross is a permanent organization, functioning actively and continuously, in accordance with the provision of its Charter granted January 5, 1905 by Act of the Congress of the United States of America to carry out the purposes of the Treaty of Geneva and certain other defined duties:

The purposes of the cooperation are and shall be:

To furnish volunteer aid to the sick and wounded of armies in time of war and peace.

To perform all the duties devolved upon a National society by each nation which has acceded to said Treaty (Treaty of Geneva).

To act in matters of voluntary relief and in accord with the military and Naval authorities as a medium of communication between the people of the United States of America and their Army and Navy.

To continue and carry on a system of National and International relief in time of peace and to apply the same in mitigating the sufferings caused by pestilence, famine, fire and floods and other National calamities and to devise and carry on measures for preventing the same.

The Solicitor General of the United States, John W. Davis, wrote on August 15, 1918:

"When any question arises as to the scope and activities of The American Red Cross, it must always be remembered that its Charter is not only a grant of power but an imposition of duties. The American Red Cross is a quasi-governmental organization operating under congressional Charter and in part, at least, by government appointment, disbursing its funds under the security of a government audit and designated by Presidential order for the fulfillment of certain treaty obligations into which the government has entered. It owes, therefore, to the government which it serves the distinct duty of discharging all those

American Legion To Assist U. S. N. Recruiting

The American Legion of the State of Mississippi has pledged itself, as a patriotic duty in the interest of national preparedness, to assist the Navy Recruiting Service in obtaining the necessary number of suitable young men who are urgently needed in connection with our Naval expansion program. In this connection, the American Legion has agreed that each Post in this State will obtain one or more suitable Navy recruits to be enlisted on Navy Day, October 27, 1942. These recruits will be enlisted en masse at 11:00 A. M. at the State Capitol grounds, Jackson, Miss. Governor Johnson has stated that, if possible, he will be present at the mass enlistment ceremonies. It is also expected that the Regional Departmental Commanders and Adjutants and a considerable number of Legionnaires will also be present at the mass enlistment ceremonies. All patriotic citizens are cordially invited to attend this ceremony.

In view of the fact that the ships, planes, and bases necessary in our Naval expansion program are considerably ahead of schedule, it is imperative that the Navy Recruiting Service obtain thousands of suitable young Americans as soon as possible in order that these young men may receive the necessary training to fit them to man the units of our Navy. The American Legion fully appreciates the urgency of this very important project of services to assist the Navy Recruiting Service in every possible way.

In a world covered by newspapers bearing headlines indicating HIGHER TAXES FORECAST, the above headline should prove to be both unique to the world and satisfying to the taxpayers of Grenada county. This reduction bears mute testimony to the good business management of the county authorities, and, in this world filled with mounting taxes, should make Grenada County people proud of their county.

While the reductions range from one and one-half mills in most districts to one-half mill in a few districts, and while these reductions might be small, it should be kept in mind that the reductions fall upon homestead property. The net one and one-half mill's reduction occurred in the Loan Warrant Fund, a county-wide levy, affecting everybody.

The only increase, a one-half mill increase, occurred in the Holcomb Consolidated School District. This was occasioned by the necessity for levying two mills for the loan warrants necessary to finance the new gymnasium, and the lowering of the county-wide levy of one and one-half mills.

The taxing districts which face a one and one-half mill's reduction in their taxes are City of Grenada, Beat One (outside city), Beat Two, Beat Three, Graysport Separate Road District, Brooks School, Gore Springs, Wolfe-Hardy, Fair Grounds, Cavalry, Elliott, Beat 2 and Elliott, Beat Three and Wolfe-Hardy, Kirkman and Enoch, The Plant School District, which had to add one mill for transportation, will therefore enjoy only one-half mill decrease in total levy. Holcomb, as stated, which had to put on two mills for the gym, will have to pay one-half mill more.

Congratulations are due the gentlemen who manage the county's affairs.

Church Dedication To Be Held Sunday, Oct. 19

On October 19, 1941, St. Peter's church will be dedicated here with ceremonies that will give the people of North-Central Mississippi their first glimpse of some of the solemn grandeur of the Catholic ritual.

Most Rev. James A. Griffin, Bishop of Springfield, Ill., will officiate at the ceremonies. Immediately following the dedication, a Solemn Pontifical Mass will be sung by Most Rev. R. O. Genow, Bishop of Natchez. The sermon will be delivered by Most Rev. William D. O'Brien, LL. D., president of the Catholic Church Extension society and auxiliary bishop of Chicago. St. Peter's is the first Catholic church ever to be built in Grenada. It will serve Catholics in an area of almost a thousand square miles. For over 50 years, Mass has been offered in the homes of parishioners. The rapid growth of Grenada during the last few years, and the ever-increasing Catholic community made the building of the church imperative.

The new church is a brick structure. The altars are of composition, and the Stations of the Cross are group statues in harmony with the general design. The building is air-conditioned, promising comfort in warm weather; in the cooler season, gas heaters will provide warmth.

All in all, St. Peter's is considered to be a credit to the Catholic of Grenada, and their non-Catholic friends in helping to provide the necessary funds for the construction of this House of God. The Catholic Church Extension Society was "The Good Samaritan" helping make the dream of having a Catholic church in Grenada a reality.

The solemn services for the opening of the new church will begin promptly at ten thirty Sunday morning, October 19. The spazetti supper will be served by members of St. Peter's, parish at the Community House at five o'clock Sunday evening, for all those who have in any way helped to make the building of their new church possible. Supper will be served from five until six thirty.

Attend Group Meeting

The following gentlemen of Grenada attended the meeting of Group 2 of the Mississippi Bankers Association at Ole Miss Tuesday night: representing the Trust Bank, Messrs. H. J. Ray, W. K. Huffington, R. Semmes, J. P. Pressgrove and F. T. Gerard; from Grenada Bank, Messrs. R. C. Adams, A. N. Rayburn and B. C. Adams, Jr.

STREET SIGNS TO BE PAINTED ON PAVEMENTS

Street Commissioner Tulbert's forces will soon begin painting names in conspicuous corners of the various paved streets of Grenada. Thus Grenada Grows.

Plenty Of Work At Home

It seems incongruous to us for our people to send missionaries to China, whose civilization is many thousands of years older than our own, when there is such a fertile field for missionary work right here in Grenada county, among the negroes, as well as among people of our own race. And, to be frank about it, the best field for missionary work in this county is in the City of Grenada itself. In easy earshot of six or seven church bells, there is more sinfulness than there is in the whole of the county, outside the city.

Some real practical Christian work could be done by the members of the white churches in Grenada if each white family would "adopt" spiritually some negro mother, and encourage her by both words and example—and do not forget the example, please—to rear her children to be honest, respectful of the law and to practice personal sanitation, both in the home and away from home.

In Grenada we have about an equal number of white people and colored people. The white people make the laws; the white people make the arrests, and white hear the cases. It, therefore, behooves the white people to set good examples for the negroes, to deal justly with them, and to seek to elevate, instead of debase them. It behooves the white people to protect the good negroes from the more vicious of the negro race, seeking both to help the good negroes obtain their rights, as well as to "put the fear of God" into the hearts of the vicious negroes. Then, too, the good white people should seek to protect the good negroes from the vicious white people who oftentimes impose upon the negroes, with the color of the skin the only excuse for the indignities.

There are communities in Grenada county where the negroes respect the Sabbath more than their white neighbors do. The negroes at least give lip service to religion. They at least dress in their best and attend preaching on Sundays, while their white neighbors, many of them unshaven and unshorn, lay around on Sundays and drink gosh and gamble. There is lots of missionary work to be done among members of the Anglo-Saxon race in Grenada county.

If the so-called "good Christians" of this county would devote more of their time, money and thought to their own neighbors, and less to the heathens (?) in China and to the natives of the Congo, we would have a much better place to live, and Chinese and Africans would not suffer. We doubt seriously whether there have been many real conversions to Christianity in China and in Africa, though we do not seek to minimize the good work in medicine, surgery and sanitation that the missionaries have done. Many Chinese are Christians as long as the rice holds out. That gone, they cease pretense about conversion. That's what we have been told anyway.

The negro is a simple soul. He cannot see any great difference in his shooting craps and his "white folks" playing poker and the white ladies playing bridge for money.

The negro is a simple soul. He cannot see much difference in his taking an overdose of Peavine scokat and his "white folks" getting loaded with Old Grandpaw.

The negro is a simple soul. He sees a lot of things that he would not dare to relate. Seeing the bossman, half loaded with Grandpaw and parked on a side road with a strange lady, he thinks that he has a right to mess around a little with his neighbor's wife.

Oh, we have plenty of missionary work to do RIGHT HERE AT HOME.

A Good Word For The Lawyers

Many individuals who read this will recall instances in their own lives where, to save a small fee to a trained lawyer, they signed an improperly written instrument, or took a deed that was not right, or by errors of either omission or commission in making deals, lost good money by trying to SAVE money in lawyer's fees.

It requires long and expensive years of education to become a lawyer, and it requires many more long, lean and hungry years to become established as a lawyer, and, since the lawyer's stock in trade is legal advice, a person should not more expect free legal advice from a lawyer than he would expect a free ploy point from Roy Doak. The Bible says a laborer is worthy of his hire, and He who spoke that sentence certainly must have included the lawyers.

A fellow once went to a doctor and went into the minute details concerning his symptoms, complaints and ailments, and finally asked, "What should I do about it, doctor?" The doctor replied, "well, old man, I believe I would consult a doctor." Seeking some free medical advice from a doctor, the fellow received some good advice in equity.

Too Much "Cooperation"

In our opinion, our country is having too many co-operative things, such as compresses, gas, stores, warehouses and God knows what else. All of these "co-operative things" represent property taken from the tax roll. First thing we know, the only things left to tax will be businesses, which are not co-operative, public utilities and non-homestead property.

It is an immortal cliché that, with the tax load remaining the same if not actually rising, the taxes heretofore paid by things now called co-operative must be picked up and distributed over the few things that are taxable.

Farseling owners of gas and compresses are selling out their properties to the "co-ops" before the unfair tax burden will DRIVE them from business. If they can not compete with the co-ops, they, like J. E. B. Stuart, will "fine 'em."

We do not know whether this tendency is socialism, state socialism, facism, communism, or what it is, but we do know that whatever it is it will eventually drive all private business to the wall.

The Weak Link

A chain is no stronger than its weakest link. A road is no better than its worst mud hole.

State Highway No. 8 is no better, therefore, than the 27-miles gap between Grenada and Minter City. It is like an otherwise beautiful woman with three of her front teeth missing.

It is our candid belief that the completion of State Highway No. 8 from Grenada to Minter City would bring more business to Grenada than any other road leading into Grenada. This gap can be built, IF Grenada people and the other people living on No. 8 Highway and who also would be benefitted by a completed paved highway, would seek to persuade Mr. Lowery to have that link incorporated in the next priority road program, which is almost sure to be launched at the 1942 session of the legislature. Let it be remembered that No. 8 is either paved, or is under contract for paving, from the Alabama line east of Aberdeen to Grenada, and from Minter City to Rosedale on the Mississippi River.

This "gap" was shown as a completed road on the automobile maps twenty years ago, and still is. This was because this section of the road received federal approval many years ago.

With reference to this "gap", the writer is much interested. As supervisor of Beat Five he risked condemnation of most of his constituents, some of whom sought to indict him before the grand jury for building the "Whitaker Highway," a low water dirt road from Oxberry to the Tallahatchie county line, yet a road that shortened the distance twelve miles between Grenada and Phillip. This road was built absolutely without any legal authority. There was never a road petition. The right of way was taken as the road pushed on through the woods. At that time about 17,000 acres of land in that area were not producing any taxes. They either belonged to the State or were in process of reverting to State ownership. TODAY EVERY ACRE IS ON THE TAX ROLL. With personal pride, it must be granted that the writer, then supervisor, had more sense, or vision, than did his constituents.

Seeing the effect of that low water dirt road (since graveled and improved by the present progressive supervisor of Beat Five, Mr. Elliott), just imagine, if you can, how much greater effect a high water paved road would have through that section.

This project of working for the completion of No. 8 should receive the unanimous support of Grenada people, who do not often get together on anything else.

See or write Mr. Lowery. See your legislator and your state senator. See and talk to businessmen on No. 8 to the East and to businessmen on No. 8 to the West, for they, too, should be interested.

But, remember, if we sit down and let the 1942 session of the legislature convene and recess without authorizing the completion of this gap, we might as well kiss No. 8 a fond farewell, for the NEXT road appropriation is likely to be the LAST road appropriation for many, many years. Getting it will require work, not wishful thinking and editorial writing.

Go To It, Senator Doxey

The letter which appears below was addressed to the people of Mississippi by the Junior Senator, Hon. Wall Doxey. We are of the opinion that our new Senator is going to try to do what he says in this letter. We wish him well.

Having taken the oath of office as United States Senator from the State of Mississippi, I want to assure all the people of Mississippi that I will make them the very best Senator within my power.

Words can not express my deep appreciation for the high honor that has been bestowed upon me, and I shall endeavor to fill this responsible position to the best of my ability. It will be my purpose to cooperate with my colleagues both in the House and in the Senate for the best interests of the people of our great State.

I express wholeheartedly to all my friends who worked so assiduously in my behalf and to all those who voted for me. For those who did not see fit to vote for me, I have only the kindest feeling.

Roll-Em Rolled

In the past three years while Senator Bilbo was seeking to roll Roll-em Wall from the WPA generalship in Mississippi, we have tried to make many helpful suggestions. No later than last week we suggested that Senator Bilbo get a ton or so of TNT and blow down the Tower Building, following the old principle of burning the house to get rid of the rats.

Fortunately for the men who own the bonds of the Tower Building, it was not necessary to blow the building down, as President Roosevelt kindly kicked Roll-em out of the Tower Building, but into a more responsible WPA job in New Orleans, where Roll-em will have direct charge not only of WPA activities in this state but also in five other Southern states.

As some of our friends yell, "Hurrah for Bolbo!"

We Must Not Waste

It has often been said that we Americans are the most wasteful people in the world, and that a French peasant family could live on what an American family throws away.

That's probably exaggerated, but the fact remains that American homes are cluttered with discarded materials that could be used now. We collected enough aluminum to build hundreds of bombers, and everybody is still cooking, so far as we've heard. Rusting jalopies and abandoned street-car tracks are going into steel smelters.

Now even paper is needed. The OPM Conservation Bureau is asking that waste paper be saved for later collection in 33 large cities. Plans for collection in individual cities will be announced later.

What's the military use of this? Every six dozen army shirts turned out, for instance, are packed in an 11-pound paper board container; 30,000 tons of paper board each month are used in packing shells.

We must discourage waste in every form, and we must be especially careful to conserve paper, which our government needs.—Times Leader

Me and the GCW.

Readers will have to get along without so much editorial advice this week. Ads pay off; editorials pop off.

Poor Mississippi.

Nobody can accuse Grenada county of piling up huge surpluses of cotton.

A road is no better than the worst mud hole in it, and, therefore, No. 8 Highway is not better than the terrible 27-miles gap between Grenada and Minter City. See Mr. Lowery and request his influence in completing this road.

Grenada county's cotton crop, like the short horse soon-curled, was soon picked.

MISS WEST ANNOUNCES WEDDING PARTY

Miss Mary Louise West, daughter of Mrs. Willie Young West, whose approaching marriage to Mr. H. Linden Wright, Ensign U. S. Naval Reserve, has been announced, is today revealing plans for her wedding. The vows will be exchanged at the Presbyterian Church on Tuesday, the eighteenth of November at five o'clock in the afternoon with Rev. John W. Young, of Jackson, Miss., uncle of the bride-elect, as officiating minister.

Miss West will be given in marriage by Mr. H. C. Adams and will be attended by Miss Martha Bess Brown, of Grenada, as maid of honor. Bridesmaids will be Miss Mary Jane Young, of Jackson, cousin of the bride, and Miss Annie Anderson, of Grenada. Mr. Wright will be attended by Mr. Al Whitman, of Memphis, as best man. The groomsmen will be Dr. Alfred Page, of Memphis, Mr. Fred Earheart, of Memphis, Mr. Ben Adams, Jr., of Grenada, and Mr. John W. Young, of Jackson. The groomsmen will also serve as ushers. Mrs. C. H. Calhoun will preside at the organ.

Miss Helen Bailey's friends will be interested to know that she now holds a responsible Federal Land Bank job at Philadelphia, Miss. She has held a similar position with the Federal Land Bank in Pontotoc for the past two years.

Miss Bettye Sherwood, of Tupelo, spent Sunday here with her parents.

PRESBYTERIAN CIRCLE NO. 2

Mrs. Raphael Semmes' circle, which is Circle No. 2 of the Presbyterian Auxiliary, met at the church Monday afternoon with good attendance. Mrs. W. H. Baker, Bible lesson teacher, was in charge of the afternoon's interesting program.

Circle No. 1 was hostess to the Young Woman's Business Circle Monday night at the church dining room. A delicious supper was served to a large group of interested members. Mrs. L. E. Nolle assumed the responsibility of the absent leader, Mrs. Will Hill, who is convalescent at her home from a recent appendectomy performed at Grenada Hospital.

Miss Bess Woods and Miss Lucille Bobbitt of Coffeeville spent the day Sunday in Louisville. They visited Miss Wood's relatives while there.

Mrs. George MacMurry, nee Grace Cowles Horton, of Grenada, was elected president of Phi Mu Alumnae at a recent meeting in Jackson, Miss., the home of Mrs. MacMurry.

Mrs. J. L. Nichols, of Batesville, visited her sister, Mrs. George Grant several days last week.

Mr. Delmas Simmons, of Jackson, spent Tuesday and Wednesday in Grenada instructing Donald Ross, now agent for the Reliance Life Insurance Co., in business affairs of the company in the place vacated by Ed Penn, who "is in the army now."

MISS NEW HONORED AT PARTY

The handsome home on College Boulevard of Mrs. H. L. Honeycutt was the scene of a very lovely pre-nuptial party on Friday afternoon of last week when Mrs. Honeycutt entertained in honor of Miss Addie New, of Memphis, bride-elect of Mr. Parish Taylor, of Grenada and Sylacauga, Ala.

The home was charmingly decorated with a profusion of pink dahlias, radiance roses and lovely trellises of coral vine. Assisting Mrs. Honeycutt in receiving the guests were two daughters of the home, Mesdames Jimmie Todd and Pat Mullin. Miss New chose one of her lovely tulle frocks in blue with brown accessories for the occasion. Her corsage was a gift from Mrs. E. L. Gerard. Mrs. Honeycutt wore a lovely black dress and was presented a corsage of white carnations by the honoree.

Four tables were arranged for bridge and games were enjoyed after the serving of a beautiful salad plate containing congealed chicken salad on lettuce, hot buttered biscuits filled with cheese, wafers, angel pie and tea. On each plate a dainty corsage was placed.

Mrs. Marders, mother of the groom-to-be, provided a red and whiteingham covered cook book for each guest's favorite recipe also presented Miss New two lovely breakfast sets in linen.

Mrs. Laura Honeycutt, mother of Mr. H. L. Honeycutt, presented the bride-elect a beautiful embroidered luncheon set, her own hand-work.

Mrs. C. H. Calhoun's gift was a wooden salad bowl with the spoon and fork, and the hostess presented Miss New cocktail glasses in her bridal pattern of rose point crystal.

The high score prize, a beautiful hand-painted cake plate, was won by Mrs. J. B. Williams, and she graciously presented it to the bride-elect.

Mrs. Byron Hunter, who received lovely "V for Victory" cards in Christmas red and green and matching scarves, also presented her prize to Miss New.

Guests attending this lovely affair were: Miss New, her mother, Mrs. Bingham, and two of the bridal party Misses Hallie Kraft and Elizabeth Tidwell, also Mrs. H. W. Priddy, all of Memphis, and Mesdames Byron Hunter, Joe B. Williams, Joel Batson, Johnnie Leigh, Thomas Grant, Mrs. C. H. Calhoun, Arthur Grider, of Meridian, and Mrs. Galsert, of Senatobia. Mrs. Jimmie Todd, Mrs. Pat Mullin, Mrs. E. L. Marders, Misses Lucy Webb Sharp, Ann Neely, Mary Louise West, and Isabel Bailey. Miss Martha Bess Brown was unable to attend.

DUPLICATE CLUB MEETS

Mrs. L. D. Boone was hostess Tuesday afternoon to members of the Duplicate Bridge Club. Her home was artistically arranged and decorated with choice roses, zinnias and verbenas. Three tables were arranged for the games. High score award went to Mesdames Ben Townes and Fisher Okenburg and a tie score award was given to Mesdames Joe Neely and L. E. Noble who tied Mesdames Cecil Smith and Rob Brown.

Mrs. Boone served a delectable salad and wafers with Coca-Cola, at intermission.

SOCIETY EDITOR'S NOTE

Please phone in all Auxiliary meetings by Wednesday. These meetings are important, and an added interest in Auxiliary work is created when meetings are given publicity. We will be glad to take notes and write the article, but cooperation by either the Auxiliary secretary or circle leader is necessary. Call Mabel Whitaker, phone 747.

Donald Ross was accompanied by Frank Gerard, of Winona, when he attended the Miss State-L. S. U. game at Baton Rouge last Saturday.

L. Jack Martin, of Baton Rouge, visited several days the first of the week with his mother, Mrs. Ernestine Martin.

Mrs. George MacMurry, of Jackson, is visiting in the home of her parents, Mr. and Mrs. Cowles Horton.

Mrs. H. H. Cullen and daughters, Mary Lou and Beebe, also Mrs. Bryan Baker and son, Bryan Jr., spent Saturday last in Memphis.

Miss Addie New, of Memphis, who visited Mrs. Gertrude Marders from Friday through Sunday returned to Memphis Sunday in company with her fiancé, Mr. Parish Taylor, who came from Sylacauga, Ala., for the day.

New Crop Honey

FRENCH MARKET

Gus Gerard, of Ole Miss, accompanied his friend, the coach at Ole Miss to Atlanta to see the football game, the past week-end. Gus is president of Student Body at Ole Miss. He met his brother, L. L. Frank Gerard, member of the faculty at R. M. A. at Gainesville, Ga., and they attended the game together.

MISS WEST HONORED

Miss Mary Louise West, charming bride-elect of Mr. H. Linden Wright, was complimented Thursday evening when Mrs. Cowles Horton and her two daughters, Mrs. Junius Townes, Jr., and Mrs. George MacMurry, of Jackson, entertain with a beautifully planned shower at 7:30 o'clock at the Horton home on Margin Street. Miss West was attired in a brown and gold tulle tulle frock which accentuated her brilliant beauty and the color scheme of pink and green against white added a very delightful and complimentary contrast. The spacious reception room of the Horton home were decorated with charming arrangements of radiance roses, pink and rose hued dahlias and pink tapers.

In the dining room, Miss Mary Elizabeth Horton and Miss Ruth Townes assisted with serving. They were becoming evening dresses. The dining table draped with an exquisite cut work and lace cloth, was centered by crystal bowl filled with pink roses, flanked at each side by lighted pink tapers held in crystal stands. Mints and nuts were placed here and refreshments of brick ice cream in white centered by a pink heart was served with individual white cakes embossed with spray wreaths of orange blossoms and green leaves.

Dainty little Clarice Townes was adorable in her party dress of pink organza with her auburn hair arranged in baby curls and created quite a bit of excitement and admiration as she hesitantly entered the living room tugging at the gift cart holding its many gifts for the honoree. The cart, draped with pink and white was so arranged to have a heart shaped appearance, and the top portion was filled with dainty corsages featuring lace paper background and pink and green gum drops arranged as flowers. These were for the guests. The cart was brought to a stop at Miss West's chair and she was charming in her acceptance of the many lovely gifts presented her.

Those privileged to enjoy this lovely affair included Miss West, the honoree and Mesdames Martha Bess Brown, Annie Anderson, Isabel Bailey, Margaret Finney, Anna Rose Finney, Elton Perry, Lucy Webb Sharp, Martha Webb, Frances Neely, Ann Neely, Clara Weir, L. H. Sweetland, Martha Hoffa, Eloise Wilkins, Mary Ross and Mrs. Willie Y. West, mother of the honoree, and Mesdames Roger Dollarhide, Bertranne Rays, Byron Hunter, Thomas Grant, Buster Clanton, Jack Townes and H. D. Lane, Jr.

WHICH OFFER WOULD You ACCEPT?

OF COURSE you'd balk at paying the same in rent as you would be required to pay to own a house . . . yet that's exactly what you are doing when you rent a home! No landlord is foolish enough to advertise the fact that his tenant is paying for the house . . . plus a reasonable profit for himself!

As little as ten percent down and monthly payments of \$25 or more will pay for a home that is larger and more luxurious than a house you can rent for the same money . . . and rents may go up.

Why not come in and ask us about the ease in which you can borrow to build a new home . . . and the ease with which you can pay the money back.

Gore Springs H. D. Club Meets

The Gore Springs H. D. Club held its regular monthly meeting on Thursday, October 9th in the Home Ec. building with 19 members and two visitors. Misses Fisher and Ballard present. Meeting was called to order by singing. President, Mrs. F. E. Gillon then took charge, minutes were read and a new member, Miss Billie McNeal, was added to the roll, after which Miss Mary Clark, who in the absence of Mrs. Neely, took charge and demonstrated an apron and distributed several useful pamphlets. Meeting was then turned over to recreational leaders, Mesdames Homer Trussell and T. J. Morman and some most exciting games and contests were had. Then delicious refreshments were served by Mrs. F. E. Gillon. Meeting adjourned.—Contributed.

Miss Josephine Poston Died

Word was received by Mrs. B. F. Thomas early Monday of the death of her youngest sister, Miss Josephine Poston, in Memphis, who passed away Sunday night. Mrs. Thomas was unable to attend the last rites held in Memphis on Wednesday morning at 11 o'clock, however Mrs. George Granberry, a daughter of Mrs. Thomas went to Memphis Monday afternoon to remain until after the funeral. Our heartfelt sympathy is extended to Mrs. Thomas in her sorrow.

SAM SIMMONS THANKS CRENshaw AND TATUM

We wish to express our sincere appreciation of the manner and dispatch with which Deputy Sheriff J. D. Crenshaw and Captain Burns Tatum solved the recent robbery at our lumber yard. They worked tirelessly until they secured enough evidence to apprehend the guilty parties, and secured a confession from them. It was a pleasure to have them work on this case and it is gratifying to know that in Grenada county we have two such well trained and efficient officers.

Grenada Meets Loop Test

After tasting bitter defeat at the hands of two of North Mississippi's best football teams in non-conference clashes, the Grenada Bulldogs will resume conference competition this week when they invade Water Valley Friday night. The Bulldogs went down before Louisville and Indianola after registering a conference win over Batesville in the opener.

The Bulldogs showed vast improvement in losing to Indianola, 7 to 0, last week and the team is expected to improve steadily. Line play was still weak at times, but Coach J. C. Hathorn plans to devote this week's drills to that department and it may be better.

All players came out of the game with Indianola in good condition and the Bulldogs are expected to be in top shape.

GORE SPRINGS HIGH SCHOOL NEWS

The Gore Springs High School hopes to have, by next week, an organized staff of newspaper workers who will be responsible for the articles in the GRENADA COUNTY WEEKLY. This is a new venture for these students, and we hope to make it worth while for both readers and workers.

CLASSES ELECT OFFICERS

The classes have all elected their officers for the school year:

Jim Tom Rose was elected president of the Senior class with Emma Jean Spikes as vice-president, and Billie James as secretary.

The Junior class selected Charles Trussell as president, Virginia Blakely as vice-president, and Mattie Laura Mormon as secretary.

The Sophomore class chose Jimmie James as president, Lucille Carpenter as vice-president, and Betty Alice Ligon as secretary.

The Freshman class elected Louise Schiele as president, Martha Lynn Criss as vice-president, and Walter Richardson as secretary.

HOME ECONOMICS CLUB ELECT OFFICERS

The Gore Springs High School Home Economics club had its first meeting of the year Thursday morning September 25. At this meeting we elected the new officers for the year, who are:

President, Betty Jean Bowen; Vice-President, Marie Waugh; Secretary, Mary Blount; Treasurer, Virginia Blakely.

There's going to be a king and queen at the Hallowe'en party at Gore Springs. Yes Sir! With crowns and thrones in everything. Who are these royal personages. Well we'd be afraid to say—but will tell you what others say. The ninth grade says that even if they have to go without suckers and balloons that Betty Lee-Rose and James Petty are going to be the winners. The tenth grade says they have more people so therefore more pennies to vote for Betty Jean Bowen and Edwin Prinz. The eleventh grade says that they may be small in number but that they can out talk enough people to put Kathleen Nali and Leroy Trussell in easily. The Seniors aren't saying. They're just smiling and working. 'cause what would be more appropriate than to have Ora Bell Lott and Billie James crowned on October 31. We're betting on the winners!!

V

Autumn must indeed be here, as John James has started eating oysters.

Ed James sat in his car and looked at the passing throng from a splendid vantage point on the square Saturday.

Everybody who attended enjoyed an impromptu sermon with singing accessories in the city park Saturday afternoon. The preacher collected a good many nickels, dimes, and quarters, but no dollars that we saw.

The supervisors, the chancery clerk and the attorney for the board, who constitute the governing body of the county, are to be congratulated upon a reduction of one and one-half mills in taxes throughout almost the entire county. With every government predicting higher and yet higher taxes, it is refreshing to see one government - the Grenada County government - actually REDUCING taxes.

Please do not file your subscription statement, soon to be received, in the fire or in the waste paper basket.

Grenada is great upon getting something started with fine pep and enthusiasm, then promptly forgetting the whole business. It takes arduous and sustained effort to get ANYTHING. Passing resolutions and "sponsoring" will not get anything but a laugh.

Boost the completion of No. 8 Highway to the West.

The wimmenfolks are still playing bridge religiously.

The Presbyterians must have signed an armistice with the Devil Sunday night, for there was no preaching in that church. The Baptists and the Methodists fight him day and night, seven days per week.

Ain't they sweet.

Fred Griffin has mighty near washed away the concrete sidewalk with soap and water. He hates dirt.

Our overseer, George Oversea Terrell, has been sick this week.

If Grenada lets the 1942 session of the legislature get by without allocating money to finish No. 8 Highway, then good bye, with fond kisses, to that unsightly gap.

Sgt. Major Boots Jones, just "on the side" made 275 bales of cotton - more than some supervisors' beats in Grenada county.

"NAVY INTELLIGENCE"

Production of armor, guns and projectile facilities for the Navy has increased more than eightfold, according to announcement from the Navy Department recently. The cost—\$236,765,000.

The Navy Department has announced that during the first half of August six vessels were launched and eighteen new keels laid.

Battleships in the Navy are named after states, cruisers after cities, aircraft carriers after historic vessels or naval battles, and destroyers after heroic officers and enlisted men of the Navy and marine corps, former Secretaries of the Navy, members of Congress and prominent inventors.

Among the smaller ships in the Navy—submarines get their name from fish, mine sweepers from birds, gunboats from smaller cities, river gunboats from islands, submarine tenders from pioneers in submarine development, repair ships from mythology, oilers from rivers, and cargo ships from stars.

A minimum height of 61 inches is required for enlistment in the U. S. Navy.

The annual appropriation for United States Naval aviation has increased from \$25,000 in 1912 to \$452,320,000 in 1941.

Neither the flag of the United States nor that of any other nation should be used as drapery, according to U. S. Government Regulations. When the United States flag is hung vertically, the union, or field of stars, should be either to the north or the east.

The Eighth Naval District comprises the states of Alabama, Arkansas, Louisiana, Mississippi, Oklahoma, Tennessee, Texas and that section of Florida west of the Apalachicola River.

The pay of enlisted personnel in the United States Navy ranges from \$21 for recruits to \$157.50 per month for some chief petty officers.

F. S. A. Supervisor Summerour Urges More Milk Production

The following article by County F. S. A. Supervisor, with respect to the production of more milk as a war measure is quite timely:

"More Milk" tops the list of production goals proposed recently by the Secretary of Agriculture to the farmers of the United States. Calling for cooperation in the mightiest food production program ever launched, Secretary Claude R. Wickard has asked dairy producers to increase milk production to the tune of 8 billion.

Why so much milk? The Secretary gave two reasons. First, he said, we in this country need to consume more milk for improved health and strength. Second, the British will need tremendous quantities of cheese, evaporated milk, and dried skim milk.

Back of both these reasons is the story of milk's food value. Milk is a sound foundation on which to build family meals. For packed into a quart of milk are a lot of essential food values that would be more difficult and more expensive to get otherwise.

Milk in more concentrated forms of cheese, evaporated or dried milk has another advantage. It is easy to ship and handle. Thus, in comparatively small packages good solid nourishment can be delivered to Britain or to the American consumer.

Milk was one of the charter members of the list of "protective" foods. This is a group of foods gold-starred because they provide goodly amounts of the food values we need if our diets are to come above the safety line for good nutrition living on diets well above the safety line is a basis for buoyant health.

Milk qualifies as protective chiefly because of its calcium, high-quality protein, vitamin A, and riboflavin. Everyone needs to get calcium in his meals and milk is one of the best and easiest ways to supply it. Because children are growing, forming teeth and building bones, they need more calcium than adults. That's the biggest reason they need more milk than grown-ups.

But although grown-ups don't need as much milk as children, they need some every day. In many cases, adults neglect milk simply because they do not realize how very valuable it is.

The mistaken notion that milk is "fattening", for instance, may cause some people to cut down on it. Considering the important protective values of milk, this is an extremely short-sighted policy. Foods are classified as fattening or non-fattening according to the calories they contain. In proportion to its other food values, milk has comparatively few calories—about 170 to a glass. Cutting down on milk and other protective foods is one of the reasons being loss of vitality and lowered resistance that accompanies certain efforts to keep from getting fat or to reduce.

Wise mothers know that the milk-every-meal habit will be one that is a health asset to their children through life. Besides the already mentioned values milk has some vitamin B-1 and a little vitamin D, both necessary to good nutrition.

In working out a low-cost diet to meet the new national yardstick for good nutrition, the Bureau of Home Economics of the U. S. Department of Agriculture emphasizes milk. For every child, 3 to 4 cups of milk are recommended and for every grown-up, 2 to 3 cups. If there is more money to spend, more may be used to advantage for more milk both for children and adults. Expectant mothers need about 2 quarts a day and nursing mothers one and one-half quarts.

For convenience, these recommendations are expressed in terms of whole fresh milk. But smart homemakers make use of other forms for variety and economy. They may serve it as cheese, skim milk, evaporated, or dry milk.

"Make use of milk below the green line," advises Doctor Hazel K. Stiebeling, food economist of the U. S. Department of Agriculture, "especially if your food money is limited. We need

**ONE LINE
OF DEFENSE THAT
Must REMAIN
IMPREGNABLE**

Of vital importance to the South's security is the dependability of its far-reaching telephone lines.

On their constantly maintained efficiency depends continuity and flexibility of communication between military, industrial, and civilian forces necessary to the nation's defense.

In this crisis, Southern Bell is faced with the three-fold task of giving "all-out" service to defense, industry, and the public—a task requiring every ounce of its resources.

In most cities and towns in the nine southern states we serve, the demand upon our services is without precedent. In many of these places, mass troop and civilian concentrations, in addition to increased industrial demands, have made the continuation of normal telephone service difficult.

In these critical times, telephone workers ask your cooperation and appreciative understanding of the problems which confront them, knowing that you, too, are "all-out" for defense—that is our common problem to keep telephone lines of defense impregnable.

O. H. LONGCOY, Manager

only need to produce more milk in this country, but we could easily use what we have more efficiently by not letting skim milk go to waste. Skim milk contains all the important milk solids except fat and vitamin A. It can be used for part of all of the milk quota. But if skim milk replaces whole, another source of fat and vitamin A must be provided in the diet."

Dry skim milk can make foods richer in nutritious milk solids without increasing their volume. To some extent, so can evaporated milk.

Diluted with water—4 cups water to 1 cup dry skim milk—dry skim milk has about the same food values as an equal amount of fluid skim milk. Evaporated milk, diluted with water

measure for measure, has about the same food value as an equal amount of fluid whole milk.

Cheese made from whole milk contains most of the food values of whole milk in a more concentrated form.

One third of a pound of American cheese has about the same food value as a quart of whole milk.

HEALTH GIVES VIGOR TO OUR NATIONAL DEFENSE EFFORT!

From Maine to California, from the Gulf to the Great Lakes, a great army is operating in the defense of America. This army is made up of America's retail grocers . . . men who occupy a front line position in our battle for national welfare. They're the ones, part of a vast, efficient system, that put the finest foods in the world on your table . . . they're the ones who are defending America's health--without them, without health, no gigantic national defense Program such as in progress now would be possible! Good food build a strong nation. Your grocer, and those with whom he cooperates, make good food available to you, and at prices as reasonable as economic conditions permit.

Salute your grocer next week by visiting, partaking of his special Grocer's Week values, by getting acquainted with America's first line of defense!

INDIANS SCALP BULLDOGS

Last Friday night, the Indianola Indians defeated the Grenada Bulldogs 7 to 0. The Indians took the lead in the first few minutes of the game. Early in the second quarter, Thompson punted to Pruitt Majuri and Majuri returned the ball to the Grenada 41. He and Dickerson then ran the ball to the one-yard line where Dickerson plunged it over for the extra point.

After that the Indians never seriously threatened the Bulldogs. Thompson's passing continually menaced the Indians, as 130 yards were gained by passing.

Chapel last Wednesday was opened with the song "God Bless America", followed by a hymn. The subject of Mr. Rundle's discussion was "We are God's buildings." He made reference to a wealthy Chinese who, having built a room a year to his home, had a huge house many rooms of which were unoccupied. When he was asked why he did this, he told the American who questioned him that to stop work is only to die. To make application of this today, we must take into consideration that as long as we are growing mentally and physically, we are not dying. We should study to the best of our ability, and be always growing mentally. He also mentioned that since we were God's temple, we should take care of our bodies so as to make them worthy of being His. This talk was very applicable to youth and everyone should benefit from it.

GRADE MOTHERS SELECTED

At a recent P. T. A. meeting, grade mothers were selected for the different grades. This year's Freshman class mothers are: Mrs. Jobe and Mrs. Dalgren; the Sophomore's are: Mrs. Robinson and Mrs. Honeycutt; Junior class mothers are Mrs. Saunders and Mrs. Pleasants; and Senior class mothers are Mrs. Cullen and Mrs. Avent.

CHEER LEADERS

It has always been the policy of the "Bulldog" to give credit where it is due. This week we want to give special credit to our G. H. S. cheerleaders, Martha Johnsey, Polly Richardson, Libba Horton, and Berlice Jones. What

her our team is winning or losing, these cheerleaders try to keep our team's spirit up by leading the pep squad with appropriate yells.

GLEE CLUB NEWS

Friday morning the glee club met in the auditorium to elect officers for the coming year. The persons elected to the offices were as follows: Jean Thomas, President; Caroline Whitaker, Vice-president; and Louise Avent, Secretary. Dot Talbert was elected as pianist.

On Tuesday afternoon about forty-five of the members of the glee club went out in the country about a mile from town for a picnic supper. After eating sandwiches, cookies, pickles, potato chips, and drinking "cokes" the glee club members gathered around a campfire and sang many favorite songs.

JUNIOR MACDOWELL MUSIC CLUB MEETS

The Junior MacDowell Music Club held its first meeting in the Green home. The co-hostess for the occasion were Margaret Green, Bet Edwards, Anne Odum, and Caroline Whitaker. The officers for this year are Margaret Green, President, Nellie Joiner, Secretary-treasurer; Anne Odum, Vice-president; Jimmie Hale, and Catherine Herring, Song leaders; and Caroline Whitaker, reporter.

Since the meeting was only a social meeting there was no formal program. Games were played and several humorous songs were sung. Initiation of the new members was the main part of the program. The new members of this club are: Beebe Cullen, Mary Jane Dalgren, Jean Gunter, Clarence Jobe, Julia Marie Guldry, June Williams, Monty Dalgren, Lynn Rose, Jay Gore, and Jimmie Hale.

At the end of the social hour delicious sandwiches, cokes, and cookies were served.

BIRTH

On the Glee Club picnic, the boys were outnumbered five to one. Leon Provine and Paul Hill were in their glory!

We should be glad to see Emma Jean back at school. Benton is his old self again.

We've never seen it fail. Every where Roberta goes there is a string of boys close behind.

Monty is eagerly waiting for the Indianola game Friday night. From what we hear, he's having dinner with a certain girl from that town who visited the Herring's last summer. More power to him!

Saturday R. L. Morrow got her driver's license and with the cooperation of her daddy she celebrated by getting her car all evening. From all we hear more things occurred.

Passing thought: Grenada may not have as good a football team as Louisville but no school in Mississippi can beat G. H. S.'s school spirit.

Crazy test answer: John Prather said that a "pacifist" tax was a tax on special articles.

Hazel Turner got a nickel can of sardines for her birthday. The giver was Fred Hodges.

The new members of the Junior MacDowell Music Club had to do various things to please the old members. Beebe Cullen had to ask Lynn Rose for a date. Lynn's cute answer was "I'll have to ask my mamma!" Jay Gore was supposed to stand in the center of the room and sing a love song to a certain young lady. Since he didn't know the words to anything but "God Bless America" he sang that.

After being paid a lot of "hush" money, we won't have anything about Bet Edwards this week.

Lacy Moss and Jimmie Hale are seen sitting on the High School steps about seven o'clock every morning.

Frances Herring is going to be Indianola bound as soon as school is dismissed Friday. She's got a date with

some Indianola swain for the game that night. Catherine, too.

From the looks of Robert Trassell, we gather that a door ran into him.

Join the Glee Club!

Dot and Libba celebrated their birthday Thursday. Dot has blessed the world with her presence for the last seventeen years. Mary Lib has been here sixteen years.

Ask Rogers whom he saw holding Marguerite's hand Thursday.

ROSEBLOOM NEWS

Well here we are again. Crops are about gathered now and several have gone to the Delta to pick cotton. All crops here were real short.

Mrs. W. H. Arendale of Ellisville has returned home after a visit here with her parents, Mr. and Mrs. George Lane.

Mrs. Howard Mitchell and children of Marks are here on a visit with relatives and friends.

Mr. and Mrs. George Lane and children spent Sunday with Mr. and Mrs. Ernest Carpenter of Murphreesboro.

Mr. Henry Carpenter and grandson spent last weekend with Mr. Homer Carpenter and family of Sweetman.

Mr. and Mrs. Eugene Gillespie of Glendora are expected to visit here soon.

Mr. Henry Lane spent last weekend in Charleston with relatives and friends.

Mr. H. R. Carpenter of Murphreesboro visited here this week.

Drew and Bloodworth of the National Guard are at home this week.

Our school is progressing fine this year under the management of our new teacher Miss Millie Bloodworth.

With The County Agent

The "new worm" has spread to D. A. Williams' and Hubert Clark's farm. They have infested Mr. Williams' hogs after being castrated. Our farmers are again urged to postpone all castrating until cold weather kills the adult flies that cause the worms.

George Criss, our County Forest Ranger, is worried about so many farmers talking of burning woodlands to kill boll weevils this winter. The State Forest Service reports that Miss. lost over \$2,000,000 from fire damage to forest, homes, and other buildings last year. That only two percent of the woodland burned last year in the twenty-five counties having fire protection while in the other counties approximately 30 percent of the woodland burned without fire protection.

Our State Plant Board warns farmers who burn woodlands for weevil control, will use a very costly control measure as most weevils hibernate around barns and other buildings with board roofs, in wood piles, under bark on rotten stumps, trees and logs, and in very dense grass, ditch banks, hedge rows, etc.

Mississippi cotton farmers can reduce sharply the 1942 spring boll weevil crop by cutting and plowing under the cotton stalks as soon as the cotton is harvested. Killing the plants destroys the green food that weevils must have and sends them into the winter hibernation in a half-starved condition. Tests conducted by the Federal Bureau of Entomology last year showed that twenty-four times as many weevils that had food until November 15 lived through the winter as survived when the cotton stalks were destroyed on October 15. Starving the weevils for one month in the fall reduced survival in the spring by 95 percent.

Your County Agent, Bob Hays, and members of the County AAA Committee attended a meeting of the Delta Counties in Greenwood this week to learn something of the 1942 Cotton Crop Insurance Program to protect our cotton crop against rain, floods, insect damage, etc.

Through the National Defense Program our farmers will be requested to grow more food and feed crops next year to help fight World War No. 2. A big increase in oats and yellow soybeans for oil is expected in our district. A series of community meetings is being planned to explain these programs to our farmers.

Grenada Offered Opportunity For Long Range Planning

Planning far ahead, so as to relieve Northeast Mississippi of the unemployment confusion which followed after World War No. 1, the Northeast Mississippi Council, in conjunction with the United States Public Works Reserve, has started a complete survey of all cities in the state's 25 northeast counties.

The object of this survey is to determine in advance what public works are needed in every city, their scope and cost, and to have prepared complete plans for the work, to start immediately after the present emergency is over, and when millions of men from the armed forces and factories and farms will be released from federal employment, and thrown back on their respective communities.

Mayor R. W. Sharp of Grenada already is in receipt of their first letter of the campaign, explaining the needs for such planning and informing him that complete instructions and blanks will be supplied him within the next few days. He is asked to consider the appointment of some member of his official cabinet to have the details of the planning in hand.

"This survey and preparation of plans represents the lesson we learned from the last war," explains John R. Robinson, Secretary-Manager of the Northeast Mississippi Council. "We all remember the plight of thousands of men relieved from duty, and the problems faced by their own communities to take care of them. Hastily planned public works proved costly and ineffectual. The Federal government now is determined that no repetition of this terrible condition of 1919 and 1920 will exist and the Northeast Mississippi Council is honored at being asked to assemble the plans in its own particular district. We expect that it will take from two to four months to supply all the data asked by the government, and the cities which comply with our request will be the ones to benefit immediately from any grant of federal funds at the end of the emergency to carry on public improvements and care for its men and women released from war duties."

Seen, Heard and Told By The Editor

Miss Stella White, of Memphis, spent Sunday with her brother, Mr. Fred White and family.

Tom Cathey, fine young son of Mr. and Mrs. Charlie Cathey, was host to his cousin, Billy Parker, from Greenwood the past week-end.

Messrs. D. H. Horn and E. V. Horn were called to Eastman, Georgia, Thursday night to be present at the funeral of their older brother, Mr. C. G. Horn.

POPEYE, THE RECRUITING OFFICER, HAS FOOD FOR THOUGHT!

Your pay in the Navy is gravy

No rent to pay. No food to buy. No doctor's or dentist's bills. Even movies and other entertainment are free. And when you first enlist, the Navy gives you \$118.00 worth of uniforms!

And if you want to learn a trade, the Navy is the place to do it. There are forty-five odd trades you can learn... training that's worth hundreds of dollars the first year.

The Navy offers the chance of a lifetime to young men. If you are 17 or over, get a free copy of the illustrated booklet, "LIFE IN THE U. S. NAVY," from the Navy Editor of this newspaper. Simply write or call.

SERVE YOUR COUNTRY! BUILD YOUR FUTURE! GET IN THE NAVY NOW!

Are you considering joining a MILITARY SERVICE?

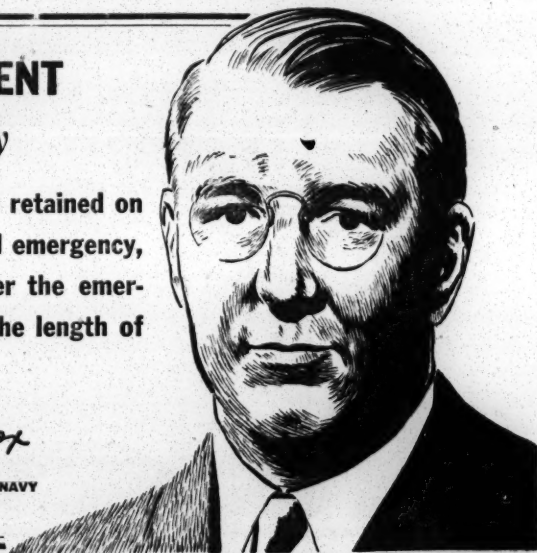

Why not choose the NAVAL RESERVE!

AN IMPORTANT ANNOUNCEMENT

by the Secretary of the Navy

"All men now enlisting in the Naval Reserve will be retained on active Navy duty throughout the period of the national emergency, but they will be released to inactive duty as soon after the emergency as their services can be spared, regardless of the length of time remaining in their enlistment."

Frank Knox
SECRETARY OF THE NAVY

HERE IS THE OPPORTUNITY THAT THOUSANDS OF MEN HAVE BEEN LOOKING FOR

Here is your opportunity to have all the advantages and privileges of Navy life but with a shorter enlistment.

Many men do not realize—but it is a fact—that your pay, your training, and your chances for advancement in the Naval Reserve are exactly the same as in the Navy itself.

FREE TRAINING WORTH \$1500

Take your own case. Let's assume that you have had no special training. In that case here is your opportunity to learn one of the Navy's 45 big-pay trades, from aviation engineering to radio. You may receive training worth \$1500 the first year alone. In addition you get all the advantages listed in the second column of this announcement.

HIGHER PAY OPPORTUNITIES

But perhaps you have had special training or know a trade. In that case the Naval Reserve offers you the opportunity to use your knowledge. If you qualify (high school or college

not necessary), you can join as a petty officer right away—with higher pay and allowances.

Also, if you have two or more years of college credits, there are special opportunities to become a Naval aviator or a commissioned officer.

LOOK WHAT THE U. S. NAVAL RESERVE OFFERS YOU

FREE TRAINING worth \$1500. Nearly 50 trades and vocations to choose from.

GOOD PAY with regular increases. You may earn up to \$126 a month.

EACH YEAR you are entitled to a generous vacation period, with full pay.

GOOD FOOD and plenty of it.

FREE CLOTHING. A complete outfit of clothing when you first enlist. (Over \$100 worth.)

FREE MEDICAL CARE, including regular dental attention.

FINEST SPORTS and entertainment any man could ask for.

TRAVEL, ADVENTURE, THRILLS—You can't beat the Navy for them!

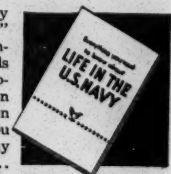

BECOME AN OFFICER. Many can work for an appointment to the Naval Academy or the Annapolis of the Air at Pensacola.

FUTURE SUCCESS. It's easy for Navy trained men to get good-paying jobs in civil life.

In any case, it is your chance of a lifetime to lead a healthy, exciting life... your chance to travel... and at the same time build a solid foundation for your future. There is nothing better than modern Navy Training for a successful career in civil life.
